***Allowable Subject Matter***

Claims 2, 3, 6, and 7 are allowed.

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance for claim 7 is that applicant's claimed invention includes a method for producing a piezoelectric film for an ink jet recording head wherein the method comprises the steps of coating a substrate with a composition for forming the piezoelectric film, to form a coating film, the composition containing a dispersoid obtained from a metallic compound, and the content of hafnium in the composition being 3,000 ppm or less. It is this limitation, expressed in the claimed combination not found, taught, or suggested that makes these claims allowable over the prior art.

The examiner makes of record that the claim to a method for producing a piezoelectric film for an ink jet recording head is considered to be equivalent to the inkjet recording head device of independent claim 7 in the amendments dated 7 March 2006 under *In re Ochiai*, 71 F.3d 1565, 37 USPQ2d 1127 (Fed. Cir. 1995).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
